Welcome letter from the chair

Dear Colleagues,

On behalf of the Organizing Committee for the joint ISSTDTR/IUSTI meeting that will be held in Chicago July 24-27, 2023, I would like to invite you to participate in this very special STI & HIV World Congress. The Congress typically attracts healthcare providers, STI & HIV program professionals, public health practitioners, diagnostic laboratorians, and basic and behavioral scientists. This will be the first large-scale face-to-face meeting of STI & HIV professionals since 2019 and therefore we expect very high attendance. Further, this is the first time the ISSTDTR meeting will have been held in the US since 2007, which will facilitate attendance of the US public health workforce. In addition, we plan to provide scholarships that will bring in researchers and healthcare providers from all parts of the world. We encourage you to be an active member of the Congress and your support will ensure that we host a successful meeting in Chicago in 2023.

Warm regards,

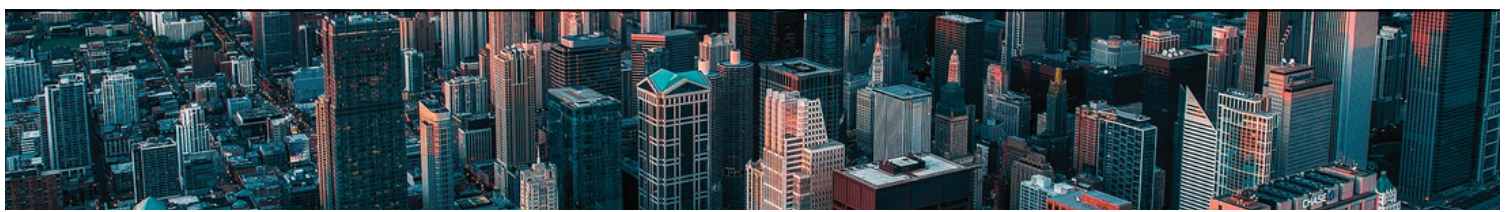

Barbara Van Der Pol, Chair, President and ISSTDTR Foundation Board Member

About ISSTDTR and IUSTI

The Congress represents the Joint Meeting of the 25th International Society for Sexually Transmitted Diseases Research (ISSTDTR) and the 24th International Union Against Sexually Transmitted Infections (IUSTI).

ISSTDTR: The International Society for Sexually Transmitted Diseases Research was established in 1977 and conducts biennial scientific meetings that address the entire range of the biomedical, behavioral and social sciences related to all STDs, including HIV infection.

IUSTI: The International Union against Sexually Transmitted Infections (IUSTI) is the oldest international organisation in the field (founded in 1923). Its object is the achievement of international cooperation in the control of sexually transmitted diseases, including HIV infection. IUSTI is on the Roster of the United Nations Economic and Social Council, and is an Official Non-Government Organisation in Consultative Status with the World Health Organisation.
